National Coordinating Council for Medication Error Reporting and Prevention

The National Coordinating Council for Medication Error Reporting and Prevention (NCC MERP) is an independent body comprised of [22 national organizations](#).

In 1996, USP spearheaded the formation of the National Coordinating Council for Medication Error Reporting and Prevention. Leading national health care organizations are, for the first time, meeting, collaborating, and cooperating to address the interdisciplinary causes of errors and to promote the safe use of medications.

USP is a founding member and the Secretariat for NCC MERP.
